Antonio Diaz

2022 Doris & Victor Day Foundation Scholarship Recipient

Antonio Diaz was born in a small farming town in Mexico and immigrated to the United States with his family when he was two years old. As a member of the Deferred Action for Childhood Arrivals (DACA) program, he is driven to serve as a mentor for other DACA students aspiring to a role in healthcare.

Antonio is an active member of the Quad Cities community and serves in a variety of volunteer positions. He acts as class representative for the Student Government Association at Trinity College of Nursing & Health Sciences, serves as a social activist for the League of United Latin American Citizens (LULAC), and holds various roles at his church.

"I've been blessed to have many impactful people and resources in my life that have helped me get where I am today. Regardless of what role I am in, what I enjoy in giving back to my community is helping others seek, find, and fulfill their own unique purpose."

Upon graduation, Antonio hopes to work in the operating room, emergency department, or in a behavioral health setting.

THANK YOU for your support in making Antonio's dream of becoming a nurse possible.
